Despite the arduous challenges we all endured with the pandemic, we are so **grateful to see the school back on its feet**, with our talents back in physical/ offline classes, on the ground. Now able to benefit from **hands-on learning** and **in-person interactions** with our mentors, there is a **stronger sense of community amongst our talents**, excited for all the learning and performance opportunities possible now that we've overcome the pandemic.

HUNAR TRIBE WORKSHOP IN RAJASTHAN

TDDP recently had the privilege of collaborating with the incredible Hunar Tribe organisation for a **15-day workshop** in the beautiful village of **Durgarpar, Rajasthan**. The workshop aimed to provide a platform for 90+ aspiring young talents from the village, immersing themselves in the **vibrant world of hip-hop**—including b-boying, beatboxing, rap and graffiti—taught by our talented TDDP talents. From dynamic breakdance moves to mind-blowing beatboxing performances, **the stage came alive with their incredible talent and electrifying energy**, and the walls of the centre were transformed with their beautiful art. We are **immensely proud of the growth and passion** our talents continuously exhibit, your hard work, commitment, and willingness to learn are truly inspiring!

TDDP AT NMACCI!

We were thrilled to have our talents perform at the prestigious **Nita Mukesh Ambani Cultural Centre (NMACC)** last month, at our completely **sold-out show!** Nothing short of an **unforgettable experience**, each one of our talented rappers, b-boys and beatboxers brought down the house with their **outstanding performances**, the **atmosphere was truly electric**. NMACC's wonderful hospitality also ensured that every artist felt valued and comfortable every step of the way. TDDP is most **grateful for this opportunity**, allowing them to showcase—on such a huge platform for the first time—the **immense talent** that resides within our vibrant community of Dharavi.

Stay tuned for more updates on our future endeavours and the incredible talents we continue to nurture here at TDDP!
